- MARITIME RADIONAVIGATION

Primary Services: The services which are in upper case letters (e.g. MOBILE) have primary status, the highest category of 'access' to radio frequencies.

Secondary Services: The services which are in lower case letters (e.g. Mobile) have secondary status.

Please note: When more than one service is listed as having the same status, the order of their listing or the spacing allotted the service in the spectrum segments shown are not proportional to the actual amount of spectrum occupied and do not indicate any relative priority among the listed services.
